

Digital Terrain Modeling Lab 4 Assignment

Student name: [REDACTED]

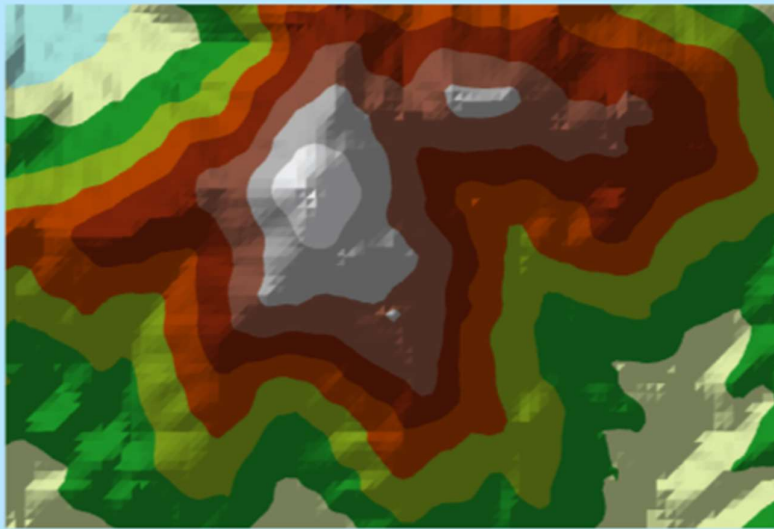

Student ID: [REDACTED]

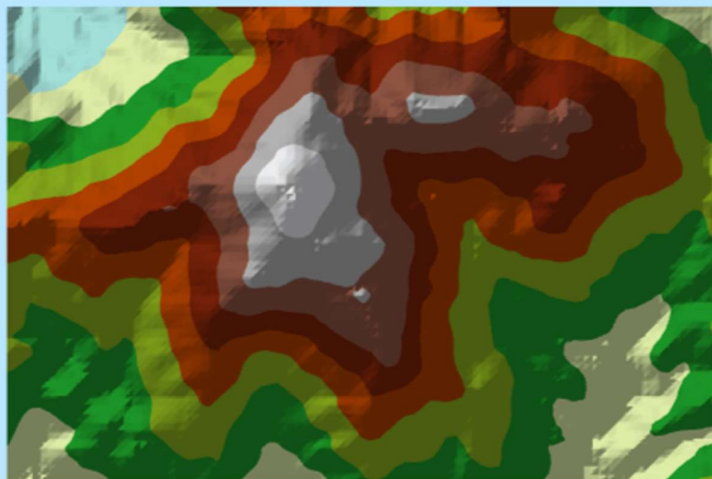

Generated TIN using the added points

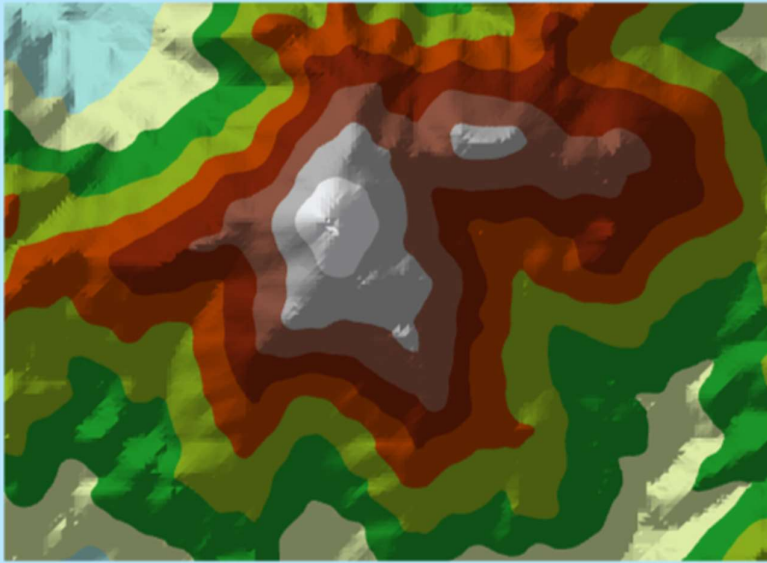

Constrained TIN using 21 river points

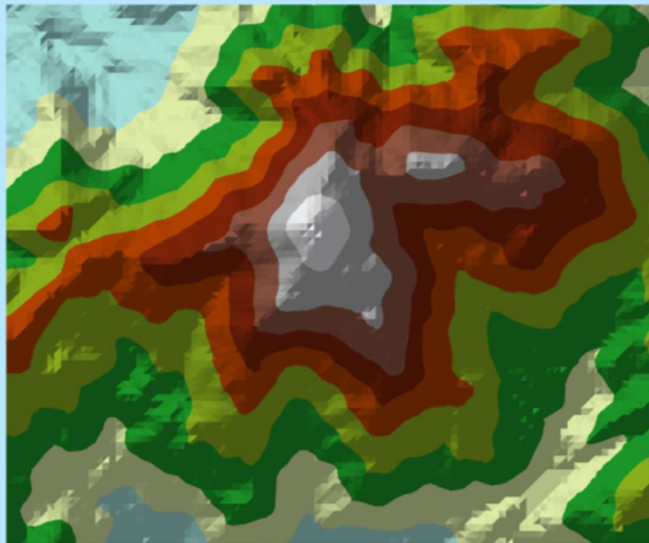

TIN with sampling interval of 9 meters

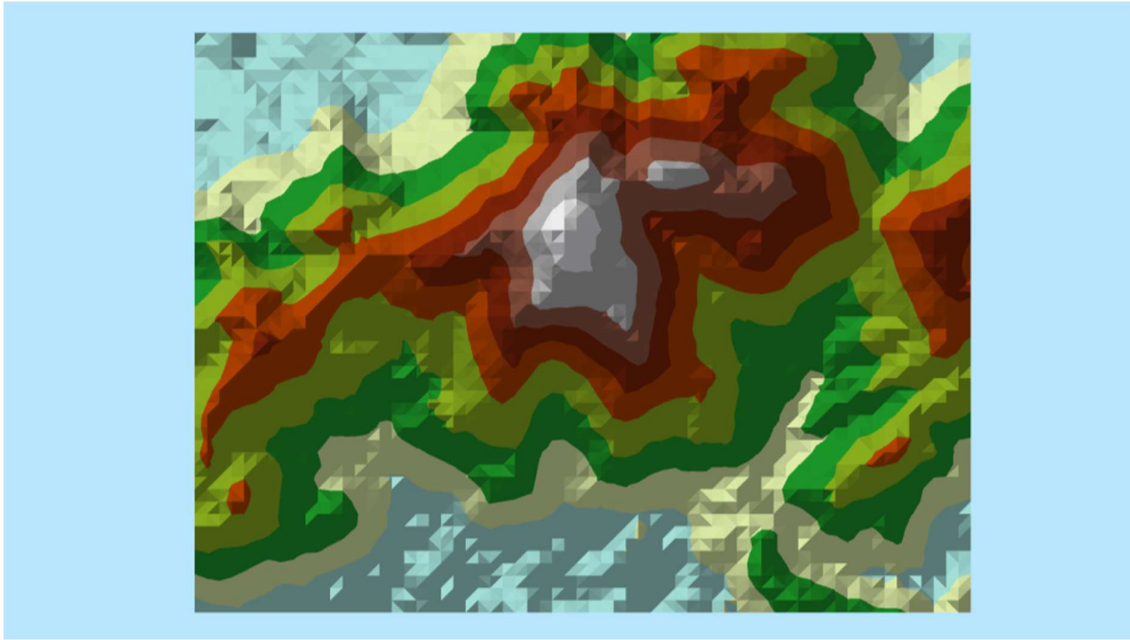

TIN with sampling interval of 18 meters

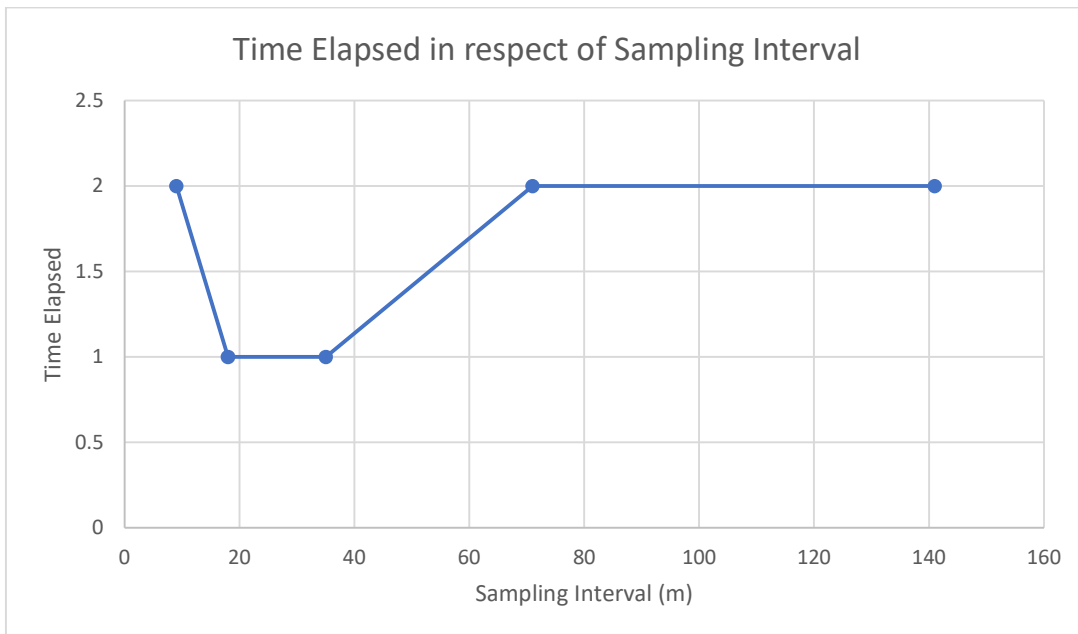

TIN with sampling interval of 35 meters

TIN with sampling interval of 71 meters

TIN with sampling interval of 141 meters

Plot of the operation time against different sampling intervals
